

Bay of Mexico

All around the Bay of Mexico

Way up Suzyanna

Mexico's the place that I belong in

Round the Bay of Mexico

I can see it all before my eyes

A big café and a bottle full o' Rye

All around the Bay of Mexico

Mexico's the place that I belong in

There's Rosita and Chiquita and pretty maid Bell

If I meet them all at once I'll never get well

All around the Bay of Mexico

Mexico's the place that I belong in

Now up the mast this yard must go

'Cos the skipper tells us so

All around the Bay of Mexico

Mexico's the place that I belong in
